01 PRODUCT RANGE

This is a collection-level specification covering multiple development options rather than a final production tech pack for one SKU.

SPECIFICATION	PROPOSED VALUE / REQUIREMENT
Core Styles	Rompers, cardigans, sweaters, tops and trousers, coordinated knit sets, dresses, knitted dungarees
Knit Appearance	Cable knit, rib knit, pointelle and fine jersey knit, as appropriate to style
Colour Direction	Ivory cream, sage green, dusty rose, baby blue, beige, soft grey and buyer Pantone matches
Design Options	Crew neck, round neck, half-zip, button placket and style-specific closure construction

SPECIFICATION STATUS: Development reference only. Fabric composition, garment weight, gauge, colours, size chart, product safety, price and all production tolerances require style-by-style verification and written buyer approval.

TECHNICAL & QUALITY REQUIREMENTS

Editable sourcing baseline - applicable specifications must be finalized for each design.

02 MATERIALS, CONSTRUCTION & FIT

SPECIFICATION	PROPOSED VALUE / REQUIREMENT
Yarn / Material	100% cotton, cotton-rich blends or other approved yarn compositions; exact percentages subject to selected style
GSM / Garment Weight	Style-dependent; confirm finished fabric GSM or garment weight against approved sample
Knitting Gauge	Gauge to be specified in the approved technical pack for each style
Available Sizes	NB; 0-3M; 3-6M; 6-9M; 9-12M; 12-18M; 18-24M; 2-3Y (size availability varies by style)
Fit & Measurement	Buyer-approved measurement chart with tolerance for each size and design
Trims & Closures	Buttons, zippers and snaps only as suitable for design, use and target-market safety requirements
Labels & Packaging	Private-label size/care labels, hangtags and export packaging as approved by buyer
Customization	OEM / ODM / private label; size, fit, yarn, colours, stitching, embroidery and packaging

03 QUALITY CONTROL & APPROVAL

SPECIFICATION	PROPOSED VALUE / REQUIREMENT
Visual & Construction	Inspect knit appearance, stitching/linking, alignment, holes, stains, colour consistency and finish
Measurements	Compare all approved points of measure against the applicable tech pack and tolerance
Trim Safety	Verify attachment and security of small components; evaluate cords/drawstrings and other hazards
Testing / Compliance	Confirm applicable destination-market product safety, chemical and labelling requirements before production
Shipping / Incoterms	FOB / CIF / EXW subject to written quotation and agreement

No organic, hypoallergenic, OEKO-TEX, GOTS, REACH-compliant or other certification/compliance claim is made by this document. Any such claim must be backed by applicable, current documentary evidence and test results.

STYLE APPROVAL WORKSHEET

Complete for each style before sampling, quotation or bulk order approval.
